

Wind River Oil and Gas Permits

Bruce Kent to: Craig Jorgenson

11/07/2011 09:04 AM

From: Bruce Kent/R8/USEPA/US

To: Craig Jorgenson/R8/USEPA/US

Craig,

Could you look in the files for the 5 facilities (Pioneer (2), WESCO (2) and Eagle) and let me know if there is any historical or current info on:

Age of facility

Oil production

Produced water flow

Previous ownership

Also if you could give me a brief summary of the existing permit conditions for limits and monitoring requirements, I would greatly appreciate it.

Thanks,

Bruce
